

2009 MANUFACTURED HOME INSTALLATION CONTINUING EDUCATION CLASS SCHEDULE

Individuals who are currently certified as a Manufactured Home Installation Inspector (MHI) and who need continuing education credits for the MHI certification may attend this class for four (4) hours of credit. Other certifications may allow attendance at this class to be counted toward the hours necessary for continuing education. You would need to check with your Building Official to confirm whether the class will qualify for other certifications.

The class is a four hour class and is held at the Building Codes Division each month. There is no fee for the class. You must register for the class using the form attached to this notice. It can be accessed at

http://www.cbs.state.or.us/bcd/programs/mdprogram/class_attendance_form.pdf

You must indicate on the application the date of the class you choose to attend. The application must be submitted to BCD 10 days prior to the date of the class.

You may choose to bring your code book with you or you can preorder the Manufactured Dwelling and Park Specialty Code by calling the Oregon Manufactured Home Association at 503-364-2470.
